## PRESIDENT'S WELCOME

Struggles, failures, success, and experience have gone with us through our twelve years of education, and now, graduation, the greatest achievement of our high school days, is upon us.

Today, we have completed one phase of our life. With some success we have traveled the difficult road, which leads to commencement. We must now look ahead to an even rougher road that we shall have to travel to reach our greatest aim--success.

To-morrow we turn our steps in different directions, each with his own career in view.

As we become alumni of Proctor High School, we shall have grateful memories of those who have aided us. On behalf of the class of "44" I am happy to extend many thanks to our principal, Mr. Walsh, the faculty, our parents, and the citizens of the town of Proctor who have helped us to pass this first important milestone in our lives.

Eli Joseph Vadnais

CLASS POEM

Four short years ago, in fear and trepidation  
Forty little Freshmen began their high school education.  
We've struggled on together in sorrow and in fun  
And now our many arduous tasks are done.

So Proctor, dear Proctor, in honor of you  
We'll try to be kindly and honest and true;  
Your teachings and wisdom and ideals untold  
Oft neglected by youth, will be worth more than gold.

As parting draws near, our hearts fill with pain  
For never again will these years, we regain.  
Happy memories we'll cherish as we pass through your door.  
So farewell, Proctor High School, from the class of 1944.

Mary Parker

## Class Song

Tune--You'll Never Know

You'll never know just how much we'll miss you.  
You'll never know just how much we'll care,  
In the years past, we used to have fun  
Now we must part,  
We won't forget the good times we had,  
In years to come, wherever we roam;  
Let's say good bye to our Alma Mater,  
Placed on a hill in among the pines.  
The little school that was built so long, long ago  
Will stay in our minds evermore,  
And in our hearts till the day is done.

Anna Banik

CLASS MOTTO: Invictus

CLASS COLORS: Blue and White

CLASS FLOWER: Red Rose

## CLASS GIFTS

Ida Gurbach: Marine's Hymn

Ida Gurbach with the voice of a lark,  
Sounds like the birds at rest in the park;  
To you, Ida, we give the Marine's favorite song,  
And if you please, don't take us wrong.

Mildred Skjetne: A pair of spike heels

Although, Mildred, you are so very short,  
We must admit you're very good sport;  
Since navy men are five feet eleven  
These heels will make you five feet seven.

Mary Parker: Book

French, you have mastered well,  
In history and Latin, we do tell,  
To Mary, we give this little book,  
So you can read in some quiet nook.

Judith Maccek: Ten-cent war stamp

You scolded us in the assembly hall,  
The shorter ones got it as well as the tall;  
To you Judy, we give this ten-cent stamp,  
To remind you of your steady tramp.

Irene Vejda: Date in a box

We know your book of dates is filled,  
It is running over and even spilled,  
This "date in a box" is one you will seek,  
We know Irene, this is one you will keep.

Louise Alberico: Dancing shoes

Rationing of shoes should be sustained,  
The shoe points for you are hard to obtain,  
These little shoes fit small dancing feet,  
So you, Louise, can be right on the beat.

Ruth Gollstrom: Rubber ball

The games you have won during our four years,  
The results as you know brought none of us tears;  
Your favorite sport is not "tisket-a-tasket",  
So we give you this ball to throw in the basket.

Anna Banik: Music sheet

At assemblies we remember your playing marches, ,  
As a result, some have fallen arches;  
To you Anna, we give this music sheet,  
To keep you occupied on the piano seat.

Marian Christmas: Toy telephone

Marian likes to chatter, chatter,  
Whether it's serious or silly matter,  
To you, Marian, we give this telephone,  
To keep you company when you're alone.

Siv Nelson: Beads

I'm sure this necklace that's rather nice,  
Will last you long and will suffice;  
Add this, Siv, to your collection,  
They go very well with your complexion.

Paul Vician: Pad and pencil

Paul Vician our football hero,  
Who has not yet experienced a zero;  
In study-hall he writes notes galore,  
So Paul, with this pad and pencil you can write more.

August Klebeck: Toy Plane

August, you possess such curly hair,  
The boys in the Army will turn and stare,  
We know the Air Corps is the place for you,  
So we hope this toy plane will help you through.

Frederick Zambelli: Book

Fred, you are known by all as a good English student,  
We know you will enjoy this book on "Constant and Prudent"  
You always thought it was just blarney,  
But you can use it, even in the Army.

Pauline Ostrowski: Bus

Your traveling to dances is quite difficult,  
With the gas shortage and all, there is not much result;  
To you, Pauline, we give this little bus,  
So that no more will you have to fuss.

Leanora Santora: Milk pail with an anchor

Lee, we know the farm and Navy are very slick,  
Between the two it is hard to pick,  
To you we give this little token,  
So the tie between both will not be broken.

Eli Vadnais: Toy car

Eli, we give you this little car,  
In place of your good old Ford,  
It will take you and Lois very far,  
And you'll ride like a "Lady and a lord".

Anna Petrulenicz: Toy dog

We give you this little pooch,  
A perfect little pet;  
Although he's not your charming Butch,  
He'll help you to forget.

Mary Curtis: Writing paper

Mary, we give you this writing paper,  
To keep you in touch with "Frankie",  
We know you like this little labor,  
For it never makes you cranky.

Lydia Pentek: Drill

To Berstow was your nightly tread,  
A journey which we know you did not dread;  
So to you we give this little drill,  
To help you carry on your skill.

Ian Fay: Sales pad

To Ian Fay our sales lad,  
We give this handy little pad;  
Keep account of milk and candy,  
And in later years you'll make out dandy.

William Blaise: Vitamin Pills

We know you want to join the service,  
But you can't because you're nervous;  
So William you can take these Vitamin pills,  
They are sure to cure you of all your ills.

Mary Yirak: Paint set

To Mary Yirak our class artist,  
Who we all predict will go the farthest;  
This paint set we give to you,  
So you can sit and paint the view.

Francis La Valley: Lifesavers

The Navy is your one ambition,  
Sailing on the seas is their tradition;  
These little life-savers will keep you from harm,  
During raids, and all types of alarm.

Erma Nemeth: Mirror

The mirror at school is covered with faces,  
Each one in their regular places;  
Each morning brings you behind them all,  
To you Erma, we give your own little stall.

George Luckachina: Comic book

Your favorite literature we all can see,  
A type Miss Hackett would hate it to be,  
To you George, we give this comic book,  
To sit and read in your study hall nook.

Allen Berg: Wave set

This bottle of wave set we give to thee,  
So in its place each wave will be;  
From its use do not refrain,  
And the waves will stay in, even in the rain.

Elsa Mattsson: Doll

To Elsa Mattsson, our future nurse,  
We give this doll to start her course;  
To bathe and feed and put to bed,  
Thinking always of what's ahead.

BRIEF SUMMARY OF ACTIVITIES since high school graduation:  
(Education, Training, Military Service, Positions Held,  
Clubs/Organizations, Special Awards/ Recognitions, Travel,  
Family History)

Right after graduation I attended Rutland Business College and worked for the Pike Insurance Agency in Rutland. My oldest sister had been living & working in Rhode Island so in 1945 I also went to Rhode Island to join her as she had a job for me working for a doctor. Because of more money I left the doctor after two years and became a stenographer at an insurance company. I was married in 1950 and our daughter, Dorinda, was born in 1954. I was with the insurance company for six years and left to become a full time mom. My husband's name is Richard and he was a mortgage loan officer for a major bank, Old Stone, in Providence, Rhode Island.

What two (2) things do you remember the most of your high school days?

One thing that I remember most was that someone in the main office of the Vt. Marble Company called the school office and wanted the school to send two people down to the office to type letters for Mortimer Proctor who was running for Governor. Mrs. Johnson, the commercial teacher, had Leonora and I go to the office. The best part that we liked was that we were excused from afternoon classes.

(use a separate page if necessary)

Another thing that I remember the most was being able to be in the Proctor High School band and having the chance to go to the music festival in Burlington.

## ACTIVITIES (continued)

We lived in Seekonk, Massachusetts, and when my daughter got older I was secretary to the supervisor of the Seekonk School Lunch Program. That gave me the same time off as my daughter had from school.

We later moved to North Scituate, Rhode Island and lived there until we joined family members in Florida. Before moving to Florida I was a secretary to a private detective and did tape transcription and the general office work at home which was really great and the work was interesting.

When my daughter graduated from High School we went to visit friends and relatives in California for three weeks.

My daughter wasn't sure what she wanted to be, a laboratory technician or a nurse so she went to a Community College for two years and then on to become a licensed practical nurse. When she graduated from college in 1975 we went to visit London, Copenhagen and Sweden where I was born. It was a great trip.

In 1980 I took the one year course for a Licensed Practical Nurse. However, due to an emergency operation and in the hospital for five weeks I had to leave. I had only three months left and much to my regret didn't go back the following year to finish.

In 1990 I decided that I wanted to go back to work part time so I took the Florida State test for a Certified Nursing Assistant. I now work for a nursing agency so that I can work when I want to. The state also requires that we take three courses per year.

After graduation I came to Washington, D.C. to work for the  
Mary Sept. Lee Sentora & I came together to Washington  
and I stayed with the Mary Sept for 8 yrs. I met my  
husband here and have lived in Md. ever since then.  
We've been married 47 years - have 4 lovely children who all live  
nearby & 7 grandchildren - age 22-1yr. After the children were

born I stayed home to raise them.  
Twenty-eight years ago when my youngest  
started kindergarten I started selling  
Acorn on a part-time basis and am  
still at it. My husband is retired  
from the Tel. Co. so for the past 8 yrs  
we've spent our winters at our home  
in Sanibel Is. Fl. - the seashell capital.  
Prior to building our home in Fl we spent  
our Christmas in Fl. with the children  
for many years - camping. During the  
summer while the children were young  
we'd spend time at the ocean. For the  
past 3 years we've travelled to Ohio,  
various parts of N.C., Cape Cod, & Va.  
through our time-share in Williamsburg,  
Va.

Three of our children own businesses -  
excavating, aluminum siding, horse selling,  
and a Campout deli. Our oldest son  
teaches in a Christian school. Our  
oldest daughter gives horse riding  
instruction and all the grand-daughters  
have horses and are very involved  
with them in the Horse & Pony Club.

So for the past 50 years since  
graduation the Lord has blessed  
me richly for which I give Him  
praise and thanks.
